

ATOLLA

TECHNO, TRANCE, DOWNTempo

ORIENTAL, GROOVY, MELODIC

PRESS KIT 2026

Atolla creates progressive and melodic musical journeys, weaving the sounds of the world into techno trance and downtempo sets.

Atolla is a French-American artist born in New York and raised across Asia, the Middle East, and the U.S. Her nomadic roots shape a sound that blends movement, memory, and multicultural influence.

Inspired by the immersive energy of trance festivals, she creates progressive, melodic, oriental, groovy journeys that blur the lines between techno, trance, and downtempo. Her music is both introspective and expansive, an invitation to lose yourself in sound.

Her debut EP Water Nebula (May 2025) marks her entry into music production, blending retro synths, deep basslines, and cosmic pads. Influenced by cinema, sci-fi, and composers like John Carpenter and Tangerine Dream, she approaches music visually - composing as one would tell a film, through images, sensations, and emotion.
